PROGRAM'S AIMS

The program aims to ensure students are prepared for tertiary education in various fields of science, technology, business and information technology at UniKL by;

- Advancing student's knowledge in science, technology, business and information technology
- Enhancing English proficiency

ROUTE TO BACHELOR PROGRAMS

PROGRESSION

Students who successfully complete the foundation program will automatically progress onto the first year of an appropriate bachelor in the fields of engineering, engineering technology, chemical engineering, information technology, multimedia, medical science technology, medical allied health sciences and business programs.

FOUNDATION IN BUSINESS

JPT/BPP (R/010/3/0178) 09/23, MQA/FA 1759

The Foundation in Business program is specially designed to prepare the students for entry into the first year bachelor program at Universiti Kuala Lumpur in Accounting, Management & Entrepreneurship, International Business, Marketing, Islamic Finance, Tourism, Logistics, Maritime Operation, Aviation Management and Business Technology.

PROGRAM CONTENTS

YEAR 1 - SEMESTER 1

- Fundamentals of Financial Accounting
- Principles of Economics
- Introduction to Business Mathematics
- Fundamentals of Business Management
- Fundamentals of Information Technology
- English for Academic Purposes 1
- Study and Critical Thinking Skills

YEAR 1 - SEMESTER 2

- Introduction to Management Accounting
- Basic Commercial Laws
- Introduction to Business Statistics
- Fundamentals of Finance
- Introduction to Entrepreneurship and Marketing
- English for Academic Purposes 2
- Islamic Studies / Moral Studies
- Co-curriculum

FEES

- Tuition Fees
RM 5,000.00
- Registration Fees
RM 610.00
- Hostel per month (optional)
RM 270.00

FOUNDATION IN SCIENCE & TECHNOLOGY

JPT/BPP (R/010/3/0295) 09/24, MQA/FA5157

The Foundation in Science and Technology program is designed for local and international students who are keen to pursue their undergraduate studies at Universiti Kuala Lumpur in the fields of engineering, engineering technology, chemical engineering, information technology, multimedia and business engineering programs.

PROGRAM CONTENTS

YEAR 1 - SEMESTER 1

- Mathematics 1
- Chemistry 1
- Physics 1
- English 1
- Introduction to Computer Technology 1
- Islamic Studies / Moral Studies
- Co-curriculum 1

YEAR 1 - SEMESTER 2

- Mathematics 2
- Chemistry 2
- Physics 2
- English 2
- Introduction to Computer Technology 2

FEES

- Tuition Fees
RM 5,500.00
- Registration Fees
RM 660.00
- Hostel per month (optional)
RM 252.00

FOUNDATION IN COMPUTER TECHNOLOGY

JPT/BPP (R/010/3/0502) 07/28, MQA/SWA 11522

The Foundation in Computer Technology program is designed to emphasize on practical and hands-on education whereby a students participate actively for their learning. This program will produce graduates who are knowledgeable and competent in Computer Technology fields, qualified and capable to pursue further education at Universiti Kuala Lumpur or other institutions of higher learning.

Program's Aims:

- to prepare students en route to the bachelor programs at Universiti Kuala Lumpur in the fields of information technology, computer science, multimedia design and computer animation
- to equip students with the academic knowledge and practical skills in computing and technology
- to improve students' English proficiency

PROGRAM CONTENTS

YEAR 1 - SEMESTER 1

- Foundation English 1
- Intercultural Communication
- Basic Korean Language
- Introduction to Algebra and Trigonometry
- Introduction to Computer Technology
- Introduction to Programming
- Introduction to Multimedia

YEAR 1 - SEMESTER 2

- Foundation English 2
- Creative and Innovation
- Introduction to Web Development
- Introduction to Trigonometry & Calculus
- Information System Essential
- Network Essentials
- Introduction to Graphic Design

FEES

- Tuition Fees
RM 5,500.00
- Registration Fees
RM 610.00
- Hostel per month (optional)
RM 300.00

FOUNDATION IN MEDICAL SCIENCES

JPT/BPP (R/010/3/0472) 01/28, MQA/FA 8616

The Foundation in Medical Sciences program is specially designed to prepare students to enter bachelor's degree courses in medicine and health sciences. The program aspires to produce students who are knowledgeable and competent in the medical sciences. The program gives emphasis to basic theory and current concepts in the sciences, professional behaviour and ethics, effective use of ICT, use of quantitative methods and knowledge of market relevance to enable students to enroll into medical and health sciences courses. It will equip students with the knowledge and skills needed for a brighter career pathway and at the same time instil self-management skills and help or mould the characteristics needed for their future career in the medical field. This is a one (1) year full-time study program that incorporates practical elements to provide the opportunity for students to put theory into practice. Medical science-related subjects are offered to give students a focused route towards their undergraduate degree in medicine and health sciences.

PROGRAM CONTENTS

YEAR 1 - SEMESTER 1

- Foundation in Biochemistry
- Basic Chemistry
- Human Biology
- Behavioral Sciences
- English
- Co-Curriculum 1

YEAR 1 - SEMESTER 2

- Basic Genetics
- Physics in Health Sciences
- Bio Statistics
- Mathematics
- Self-Management Skills
- ICT in Health Sciences

YEAR 1 - SEMESTER 3

- Character Development
- Critical Thinking
- Pengajian Islam di Malaysia / Pendidikan Moral di Malaysia
- Co-curriculum 2

FEES

- Tuition Fees
RM 9,500.00
- Registration Fees
RM 600.00
- Hostel per month (optional)
RM 200.00 - RM 300.00

FOUNDATION IN CREATIVE ART AND DESIGN

JPT/BPP (N/214/3/0195) 09/26, MQA/PA 14713

The Foundation in Creative Art and Design program proposes a one year (2 semester) program consisting of 50 credit hours. This program provides students with the theoretical and practical foundations for knowledge and skills acquisition in various disciplines of study in creative art and design and prepares them for undergraduate studies at Higher Learning Institutions (HLIs) throughout Malaysia.

At the end of this program, students will be able to explain design concepts, theories, and principles in their area of study, source and process data using appropriate digital applications, analyze and apply information to solve problems, and develop their skills for life long learning and communication in responsible ways

Program's Aims:

The aim of this program is to ensure that students are equipped with basic knowledge before pursuing their studies in the various fields of Creative Art and Design at the undergraduate level specifically in the Bachelor of Design and to ensure the continuity of UniKL towards WE4ASIA.

After completing the Foundation in Creative Art and Design program at UniKL MIDI, students will have the opportunity to pursue tertiary education in Design, Management and Business areas.

PROGRAM'S CONTENTS

YEAR 1 - SEMESTER 1

- History of Art and Design
- Fundamentals of Drawing
- Element and Principles of Drawing
- Basic Visualization Techniques
- Introduction to Information Technology 1
- Islamic/Moral Studies
- English 1
- Co-curriculum 1
- Elective 1

YEAR 1 - SEMESTER 2

- Introduction to Computer Technology
- Visual Communication Design
- Presentation Techniques
- Design Project
- English 2
- Study and Critical Thinking
- Co-Curriculum 2 Elective 2

Elective Subjects

- Introduction to Graphic Design
- Introduction to Multimedia Design
- Introduction to Furniture Design
- Introduction to Consumer Products

FEES

- Tuition Fees
RM 5,500.00
- Registration Fees
RM 660.00
- Hostel per month (optional)
RM 252.00

FOUNDATION IN SCIENCE

JPT/BPP (N/010/3/0530) 01/25, MQA/PA 12391

The Foundation in Science program is designed for local and international students who aim to pursue undergraduate programs in Universiti Kuala Lumpur. The foundation program is a 1-year program that fulfills the basic theory that students need to enroll into their future studies.

Program's Aims:

- to produce foundation graduates who will undergo their Bachelor's Degree in the field of science and technology
- to develop students who are knowledgeable, competent and competitive, with positive values, as aspired by the National Education Philosophy, who will later become professionals and leaders of the country.
- to continuously enhance knowledge and skills among the students to fill the void in certain fields in the country.

PROGRAM CONTENTS

YEAR 1 - SEMESTER 1

- Chemistry 1
- Physics 1
- Biology 1
- Mathematics 1
- Introduction to Information Technology 1
- English 1
- Co-curriculum 1

YEAR 1 - SEMESTER 2

- Chemistry 2
- Physics 2 / Biology 2
- Mathematics 2
- Introduction to Information Technology 2
- English 2
- Critical Thinking Skills
- Islamic Studies / Moral Studies
- Co-curriculum 2

FEES

- Tuition Fees
RM 5,000.00
- Registration Fees
RM 680.00
- Hostel per month (optional)
RM 120.00

FOUNDATION IN SCIENCE AND ARTS

JPT/BPP (N/0011/0002) 4/27, MQA PA/15460

The Foundation in Science and Arts program is a 1-year full time comprehensive program designed to provide students with the necessary knowledge and learning essential for the smooth transition to undertake an undergraduate degree at local and overseas universities. The program offers diverse modules in disciplines such as technical science, management, finances, mass communication and visual arts. By the end of the program, students will have a clearer direction and better understanding of their fields of interest. The modules offered will enhance students' academic knowledge, expose students to latest developments in the respective areas of studies and foster their critical thinking skills.

PROGRAM CONTENTS

YEAR 1 - SEMESTER 1

- Mathematics
- Physics 1
- Chemistry 1
- Biology 1
- English 1
- Introduction to Management
- Co-curriculum

YEAR 1 - SEMESTER 2

- Essentials of Economics
- English 2
- Basic Information and Communication Technology (ICT)
- Creative and Critical Thinking
- Elective 1
- Elective 2
- Elective 3

ELECTIVE COURSES

Science & Engineering Electives

- Engineering Mathematics
- Physics 2
- Chemistry 2
- Introduction to Programming

Arts Electives

- Introduction to Marketing
- Financial Accounting
- Introduction to Finance
- Introduction to Visual Arts
- Introduction to Mass Media and Communication

FEES

- Tuition Fees
RM 5,500.00
- Registration Fees
RM 740.00
- Hostel per month (optional)
RM 110.00

ENTRY REQUIREMENTS

Foundation in Business, Foundation in Science, Foundation in Science and Technology, Foundation in Computer Technology & Foundation in Creative Art and Design

- Pass in SPM/O-Level with at least Grade C in FIVE (5) subjects or others equivalent qualification.

Foundation in Science and Arts

Engineering Program (Bachelor) Pathway

- Pass SPM / SPMV / O-Level with at least credits in FIVE (5) subjects including Mathematics and 1 Physical Science subject.

Engineering Technology Program (Bachelor) Pathway

- Pass SPM / SPMV / O-Level with at least credits in FIVE (5) subjects including Mathematics and 1 Science / Technical / Vocational subject.

Science Program (Bachelor) Pathway

- Pass SPM / SPMV / O-Level with at least credits in FIVE (5) subjects including Mathematics and 2 Science subjects.

Arts / IT / Business Program (Bachelor) Pathway

- Pass SPM / SPMV / O-Level with at least credits in FIVE (5) subjects including Mathematics

Foundation in Medical Sciences

For MBBS/Pharmacy

- Pass in SPM/O-Level with at least Grade B in FIVE (5) subjects including; Mathematics or Additional Mathematics, Physics, Chemistry, Biology and ONE (1) other subject

Credit in Bahasa Melayu and English or other equivalent qualification.

For other Programs

- Pass in SPM/O-Level with at least Grade C in FIVE (5) subjects including; Mathematics and TWO (2) other Science subjects.

**The tuition fees are only applicable if students continue their studies at the bachelor level at Universiti Kuala Lumpur. Term and conditions apply.*
